

Brunswick Family Medicine, an established, independently owned, family practice in Southport, NC is seeking a full-time Licensed Practical Nurses (LPN). At BFM, we believe in patient-centered health care with consistently successful clinical outcomes through preventative care, while staying abreast of the most up-to-date developments in family medicine in a team environment. We work hard and value each other.

- Monday through Thursday
- 7:30am-6:30pm, lunch noon to 1:00pm

Licensed Practical Nurse (LPN) responsibilities include:

- Follow a designated care plan in accordance with the patient's needs
- Perform assigned duties, including administration of medication, wound care, treatments, and procedures
- Monitor clients' conditions; reporting changes to provider
- Follow up with, execute, and properly document doctors' orders
- Accurately document observations, interventions, and evaluations pertaining to client care management and services provided
- Cross train with other team members to provide occasional coverage as needed

Licensed Practical Nurse (LPN) requirements include:

- Licensed Practical Nurse (LPN) active license in the State of North Carolina
- Current CPR Certification
- Family medicine experience preferred but not required
- Must be able to pass a drug test and criminal background check
- Must be a self-motivated team member, able to manage time and prioritize tasks in a fast paced family practice environment, ready to hit the ground running.

Benefits:

- Locally owned and operated
- Understanding environment with an emphasis on quality of life
- Team environment with cross training
- Competitive salary
- Paid time off plus holidays
